

# AUTISM COMMUNITIES

## Our Mission

To give adults with Autism the opportunity to live fulfilling lives in vibrant, safe communities, supported by a "person-centered" culture.

## Our Story

Autism Communities was founded in 2015 by Charles Massimo, Founder and CEO of CJM Wealth Management, and the father of two sons with Autism.

From the moment his sons were diagnosed, Charles worried about how they would be cared for when he was no longer able. Like all parents, he wanted them to have the best life possible. Most importantly, he wanted them to have a place to call home in a community that knows and welcomes them. Autism Communities was founded with the goal of providing adults with Autism a home of their own, in a vibrant community setting. We envision a community where they can enjoy a fulfilling, healthy lifestyle in a safe environment, with access to social, recreational, educational and employment opportunities.
